Integra 400x300x250

Item: 1325850

Providing security for non-food industry, e-commerce and retail applications, the Integra® range of attached lid containers protect products from pollution and contamination. Security seals and lids that support strapping contribute to safe and secure transportation. The design features bumpers on the ends which helps prevent containers from piling up on conveyors. When empty, the Integra® saves you space due to its high nesting ratio. Integrated label holders and striped zones for self-adhesive labels allow the Integra® to be customized.

NB: not compatible with the Kaiman range.
