## 1811.100 - 68L Prelog CMB - 600x400x343

The PreLog® CMB is the perfect packaging alternative for valuable non-food applications. Our PreLog® Clever Move Box (CMB) foldable small containers are strong, stable and stackable and can be used for the transport of a wide range of products. The hand holes on the short sides make the container easy to carry. With a seal, the contents can be secured against theft. Its design with a flat base and the absence of ribs make this container automation and conveyor friendly. The CMB has now become a universal container for transporting valuable or vulnerable goods such as high-quality textiles, perfumes, pharmaceuticals and electronic components. Moreover, the PreLog® CMB is ecological, it saves valuable space on return transports thanks to its high folding ratio.
